

# Pain Management in Dentistry

Amy Cook, DDS  
Cook Family Dentistry  
321 4<sup>th</sup> St SE  
Auburn WA 98002

## Current Methods

- › Pre-op: Ask patient what they are taking for the pain.
- › Prescribe the lowest affective dose (usually 5tabs; CDC says 3 days or less)
- › Recommend OTC meds first  
Ibuprofen first, then combine with acetaminophen if needed
- › Out of site and secure storage at home/ diversion
- › Safe disposal (Auburn Police Department 24hrs)
- › Check PMP
- › Antibiotics
